Dear Tool Dealer,

Due to the worsening news about the Omicron variant of COVID, PATINA is rescheduling our Dealer Sale and Auction (in Damascus, MD) from our normal March date, and will now be held on Saturday, October 15, 2022. We have picked this date because we hope that in the next nine months we may have a more favorable environment in which we may safely conduct an annual event. We have also picked this date to avoid conflicting with the normal dates of other tool events.

I will send out dealer sign-up information sometime in late summer 2022.

Thank you for your continued interest in participating in PATINA events!

Dave Murphy
